---

PROFILE SUMMARY

I am a Full-stack Developer with 4 years of experience creating modern, responsive, and visually appealing web applications. I focus on writing clean, maintainable code and building intuitive user interfaces that enhance user experience. Experienced in working with APIs, version control systems, and CI/CD workflows, I also leverage AI tools such as Claude AI to enhance development efficiency, assist in problem-solving, and accelerate workflow. I continuously strive to improve my skills and stay updated with the latest frontend technologies.

TECHNICAL SKILLS

- Knowledgeable in JS web framework such as React JS, Next JS
- Experience in using Bootstrap and Tailwind CSS for designing UIs
- Has knowledge on RESTful API, Axios, and React Router. Also in Firebase and Supabase for databases.
